

UNMATCHED EXCELLENCE. B-TEK manufactures a full line of the longest lasting truck scales, rail scales, and floor scales on the market. B-TEK also manufactures industry-leading industrial scales and weighing equipment for any application. Due to B-TEK's wide range of options and materials, we are a leading provider of high quality industrial scales.

EXPERIENCE. B-TEK has a proud history that reaches back further than its 1994 inception. With multi-generational trade experience, the B-TEK team brings over 75 years of industry know-how to the table. This long-term knowledge of the weighing industry enables B-TEK Scales to focus on innovation and developing high quality solutions for our customers.

TECHNOLOGY. In 2003, B-TEK announced a joint venture with the Bilanciai Group of Modena, Italy, the largest truck scale manufacturer in the world. The Bilanciai Group's advanced manufacturing techniques, combined with B-TEK's outstanding product lines, provides customers with the highest quality and longest lasting scales in the world.

EXTENSIVE PRODUCT LINE. B-TEK offers an extensive line of truck scales spanning across all industry applications and sizes. As a comprehensive scale manufacturing company, B-TEK designs and builds solutions for a wide range of industries such as agricultural, logistics, industrial, steel, coal, waste, recycling, and aggregate. B-TEK has the ability to manufacture standard and custom scales in full electronic digital, analog, and electro-mechanical configurations.

CUSTOMIZATION. B-TEK is proud to be known for its ability to manufacture high quality, custom scale platforms. From nonstandard sizes to retrofitted components, B-TEK's commitment to quality and service will deliver a product that fits seamless within our customers' current configurations

ADVANCED MANUFACTURING. Through the use of cutting-edge manufacturing techniques the Side Rail continues to set the standard of quality within the truck scale industry. From B-TEK's plasma cutting table designed to hold aircraft quality tolerances to our steel cleaning and painting line, each and every operation is designed to build the most reliable truck scales on the market.

HIGH QUALITY CRAFTSMANSHIP. B-TEK's truck scales are assembled by highly skilled individuals who bring decades of experience to each operation. Combine these individuals with a culture dedicated to high quality and the result is a weighbridge constructed with a level of accuracy that cannot be matched.

PIT TYPE TRUCK SCALE

Ideal for all vehicle traffic, the Pit Type Truck Scale is a stable and reliable resource for years to come. Available in concrete or steel decks, this scale offers versatility for weighing needs and durability to last.

Pit Type Truck Scales are available in standard lengths from 12' to 140', and varying widths from 8' to 13'. Depending on how the scale was ordered, the individual scale modules can arrive from the factory partially or fully assembled.

All models have the NTEP certificate of conformance number 97-116A1 and warranties on the weighing system.

WARRANTY

5-year weighbridge warranty covering defects in materials and workmanship. 5-year components warranty covering defects in materials and workmanship. 5-year surge/lightning warranty covering CPR load cells and summing boards.

PAINT SYSTEM

The paint system used is a cross-linked two-part epoxy with a 2 to 4 mm primer base coat and a two-part UV-resistant polyurethane top coat of 2 to 4 mm.

CONCRETE DECK

STEEL DECK

SYSTEM OPTIONS

Traffic Lights

B-TEK's traffic control packages are available in single or multiple light configurations.

Scoreboard

These high-intensity LED displays are designed to ensure proper visibility in any environment.

DD Series

The DD Series terminals combine computer programming power and flexibility together with the measuring requirements of a weighing instrument.

ScaleSoft.NET

B-TEK's truck management software is fast, flexible, and easy to use.

PRODUCT COMPARISON

	Concrete Deck	Steel Deck
Capacity	270,000 lb	
Weighbridge Deck	6" concrete deck coping	3/8" steel tread plate deck
Length	12' - 140'	
Width	8' - 13'	
Height	35' 3/4"	30"
Steel Preparation	Commercial blast cleaning SSPC-SP6	
Load Cell	75K CPD-M Digital compression column load cell, RS-485 digital output	

Custom sizes, capacities, and configurations are available for both Heavy Duty and Electro-Mechanical Side Rail designs.
